

THE STAR WAY

March Focus: **Friendship**

What is it?

Friendship: a state of mutual trust and support between allied persons

Wooden Says...

"Where **Friendship** exists you will find the makings of a formidable organization."

"Think how much you'll give when asked to do so by someone you respect and with whom you share camaraderie. You will give plenty, all you've got."

At Star Athletics...

... we believe that mutual respect and camaraderie are just as important as any skill in a routine. Our athletes all have their own unique stories and are not tied together through location or school. They are unified by their common vision and their ability to trust. We believe these are true friendships that will last the test of time. **How has Friendship helped your team this year?**

More Than Just Cheerleading

#STARn8tion is almost done. There are countless new banners to hang in the gym. There are memories from the performance stage that will last a lifetime. However, all of our athletes have earned something much more valuable. The **Friendships** created through cheer are formed because of common vision. Our athletes have learned to communicate, problem solve, and trust. It is no question that they will continue their friendships long past this season.

Athletes, we hope that your performances feel more complete than they did at the beginning of the season. ***There is nothing like doing something that you love with the people that you love. #thestarway***
