## STAR ATHLETICS COMPETITION MAKEUP

PRODUCTS YOU WILL NEED:

- Chapstick
- Face Lotion
- Natural Looking Bronzer

\*If Applicable: Face Foundation, Concealer, Face Powder, False Eyelashes

### How To:

**Step 1.** Start with a washed / cleaned face.

**Step 2.** Apply face lotion to face, eyelids and neck. Apply chapstick to lips. Do not skip this step. A moisturized face picks up makeup better than dry skin.

**Step 3.** Follow the Yofi Cosmetics Makeup Application Video to learn how to create the eye look using the Makeup Box. Note: Video includes the use of False Eyelashes. This is not required nor included in the Makeup Kit. If you wish to use Eyelashes to enhance your look that is allowed, we do recommend practicing the entire look and practicing with the lashes before event or competition day.

<https://www.youtube.com/watch?v=beJdAvlpEjs>

**Step 4:**

FACE MAKEUP (\*If applicable): After completing eye look and wiping off excess shadow apply face makeup, foundation, concealer, face powder etc.

BRONZER: Apply natural looking bronzer in a "C" arc around dies of face, along cheek bones and bridge of nose.

BLUSH: Apply natural looking blush to apples of the cheeks. We suggest a more natural look to the blush than recommended in the video.

*\*Blush is included in the Box. Bronzer is not included in the package due to differing skin tones and shades. All athletes must wear these two products for their face stand out on the competition floor in the lights.*

**Step 5:** Red Lip Color should be applied after using chapstick.

\*Please be careful with younger and fair skinned athletes when applying this step. The lip color is long lasting and does not remove easily if smeared on skin.

*TIP: If you rarely wear makeup, we recommend practicing to get used to how much make up to apply to face.*

*TIP: When applying the dark black shadow to create the smokey eye effect, please blend carefully and softly and build the look by adding more if needed. Please blend with eye shadow brush to not create a harsh looking line on the eyelid.*

***If coaches feel makeup is too heavy or not done right they will as your to fix/reapply it.***
